**Scope of work – Bidder**

1. Steam Supply by doing Operation & Maintenance (O&M) of 5 TPH solid multi fuel biomass fired steam boiler on Built, Own, Operate and Transfer (BOOT) basis at Bhopal Sahakari Dugdh Sangh Maryadit, Habibganj, Plant for a period of 10 years and 1 TPH solid multi fuel biomass fired steam boiler on Built Own Operate and Transfer (BOOT) basis for a period of 10 years in our mini dairy plant Betul (MP)
2. Successful Bidder shall be installing 5 TPH solid multi fuel Biomass boiler within 5 months in the premises of Bhopal Sahakari Dugdh Sangh Maryadit, Habibganj, Bhopal and 1 TPH solid mutli fuel Biomass boiler withing 5 months in the premises of Mini dairy plant Betul (MP) through its own investment. The boiler with its movable and immovable asset will be transferred at no cost to Bhopal Sahakari Dugdh Sangh Maryadit, Habibganj, Bhopal after the projected tenure is over.
3. Successful Bidder shall be doing the O&M of solid multi fuel Biomass fired steam boilers for a period of 10 years. All expenditure with regards to manpower requirement, fuel expenses, legal requirement, O&M of the boilers and backup boiler shall be in the scope of bidder.
4. Fuel required for the operation of the boilers shall be in the scope of the successful bidder..
5. All spares and consumables required for the operation of the boilers shall be in the scope of the successful bidder. The successful bidder shall maintain sufficient spares.
6. Successful bidder shall maintain the backup boiler for redundancy and continuous supply of steam to BSDSM. All the requirement of fuel, manpower expenses, legal requirement required for the operation of the backup boiler shall be in the scope of the successful bidder.
7. Bidder can use BSDS's boilers as a backup boiler however for this he has to pay rent for those periods. In such case all the requirement of fuel, manpower expenses, legal requirement required for the operation of the backup boiler shall be in the scope of the successful bidder. During such periods BSDS will pay steam charges on approved tender rates only and no extra charges will be paid.
8. All the statutory obligations with regards to installation and O&M of the boilers shall be in the scope of the successful bidder.

**Scope of work – Bhopal Sahakari Dugdh Sangh Maryadit**

9. Electrical Power required for operation of boiler will be provided by Bhopal Sahakari Dugdh Sangh Maryadit, Habibganj, Bhopal on chargeable basis. BSDSM will provide the electrical power till the boiler.
10. Optimum Land required for the installation of boiler will be provided by Bhopal Sahakari Dugdh Sangh Maryadit, Habibganj, Bhopal free of charge.

11. Ground Water required for the operation of boiler will be provided by Bhopal Sahakari Dugdh Sangh Maryadit, Habibganj, Bhopal. If in case of purchase of water by BSDS from other sources, the cost of water will be deducted from bidders bill accordingly.
12. **Bhopal Sahakari Dugdh Sangh, Bhopal will only pay for the steam consumed by the main dairy plant and mini dairy plant Betul (MP) after deducting the amount of electricity/Utilities consumed by the boiler unit.** There will be a minimum guarantee of steam consumption by the dairy. The steam flow meter shall be the basis of billing and shall be installed on the side of the boiler and near the Plant where PRS is installed (Two Flow meter Unit). The billing will be done through the meter installed near the PRS.

### **Billing**

Billing shall be done to Bhopal Sahakari Dugdh Sangh Maryadit, Habibganj, Bhopal.

- Billing is to be done on the fortnightly basis based on the rate of steam for the billing period.
- For calculation of Average consumption of steam per day billing period average is to be taken into account
- Rates of steam supply will be applicable as quoted by lowest bidder.
- Taxes will be extra.
- Payment shall be released against fortnightly bills duly certified by Plant authorities.
- Rates of steam should be firm for the year and no hike for any reason, whatsoever, will be granted during the year.
- Electricity unit consumption (rate in rupees), other utilities bill will be deducted like hot water/soft water if required from final bill.

### **Other Requirement**

13. **Earnest Money Deposit (EMD):** All bidders should deposit EMD i.e. Rupees ten lakhs with the tender through online mode only.  
Any tender bid which is not accompanied with the EMD will be summarily rejected and no exemption shall be granted to any bidders in this regard.  
EMD of unsuccessful bidders would be returned within 60 clear days from the date of opening of the tender bids. However, no interest shall be paid on the EMD for the period which it lies with the department.

#### 14. **Liquidated Damages**

If the Bidder fails to complete the service/work or part of service /work as per terms & conditions of the order within the delivery schedule,

S.N.	After Prescribed Time Period	Penalty
1	Till 15 Days	1% Total value of project
2	From 16 Days to 30 Days	2% Total value of project
3	After 30 Days	5% Total value of project

Note: - Negligence in above may lead to cancelation of order. In this case BSDS Bhopal reserves the right to impose any penalty fine or recover the amount which BSDS has spent for tender work.

14. All the information / corrigendum / addendum related to this project shall be obtained from our website [www.sanchibhopal.com](http://www.sanchibhopal.com)/[www.sanchidairy.com](http://www.sanchidairy.com) only.
15. Bidders must online submit copies of their valid certificates of PAN / ROC registration, and other prequalifying terms etc with techno commercial bid. All these certificates should be valid as on the date of opening of technical bid of the tender.

CEO, Bhopal **Sahakari** Dugdh Sangh Maryadit reserves the right to reject any or all tender / extend or cancel the tender/tenders at any time without assigning any reason thereof, No cost what so ever shall be claimed on such account by the bidder.

Providing steam Boiler Units on BOOT basis including all the required mountings & accessories, statutory approval, setting up the boiler plant and running the unit for steam generation required for various dairy processes at BSDSM of Bhopal Sahakari Dugdh Sangh Maryadit Betul & Bhopal plants.

Supply of fuel, maintenance spares, consumables, etc. shall be part of the system to make it a complete steam generation unit for un-interrupted supply of steam to meet the requirement of steam in Dairy Plant.

**(2.0) The technical specification of required 5TPH boiler shall be as follows:-**

Sl no	Description	Required specification
1	Capacity of Boiler unit	5 TPH expandable to 13 TPH
2	Temperature of Steam	220°C (Maxi)
3	Design Pressure	24.0 Kg/Cm <sup>2</sup>
4	Working Pressure:	10.5 to 21.0 Kg/Cm <sup>2</sup>
5	Fuel to be used	Solid multi fuel Biomass (Briquette/Pellet)
6	Type of Boiler	Water cum Smoke Tube
7	Durability of Boiler	It should be in working condition and compliance to IBR at the time of handing over to BSDSM.

**(2.1) The technical specification of required 1TPH boiler shall be as follows:-**

Sl no	Description	Required specification
1	Capacity of Boiler unit	1 TPH
2	Temperature of Steam	220°C (Maxi)
3	Design Pressure	17.0 Kg/Cm <sup>2</sup>
4	Working Pressure:	10.5 Kg/Cm <sup>2</sup>
5	Fuel to be used	Solid multi fuel Biomass (Briquette/Pellet)
6	Type of Boiler	Water cum Smoke Tube
7	Durability of Boiler	It should be in working condition and compliance to IBR (if required) at the time of handing over to BSDSM.

**(3.0) Scope of Supplier / Bidder's work**

Supply of necessary equipment and providing uninterrupted supply of steam of required quantity & quality for our Dairy manufacturing plant along with all machinery, manpower, consumables, maintenance and fulfilling all statutory requirements.

Scope shall include design supply, erection, testing & commissioning of a 5MTPH steam boiler for uninterrupted generation and supply system of steam complete in all respect:-

- a) Mobilization of boiler
- b) Equipment, transportation, installation, loading & unloading
- c) Erection of boiler

- d) Supply and erection of required specification piping material (pipes, fittings, flanges, gasket), valves and hooking up
- e) Insulation of boiler and piping work
- f) Supply of boiler quality water/pumping arrangement of the same after suitable treatment (Water will be made available by us at one point at site)
- g) Supply and installation of required water tank.
- h) Transportation, storage and handling of fuel for briquette fired boiler
- i) Necessary piping of steam line with insulation
- j) Supply, installation and erection of chimney and hook up
- k) Electrical connection
- l) Arrangement of hydro testing for boiler and testing up to required pressure as per IBR guideline
- m) Preparation of drawing of boiler, steam pipeline with all accessories as per IBR guideline
- n) Statutory Approval from Local Boiler Authority and other statutory bodies (as applicable)
- o) Trained Boiler Operators for operation round the clock.
- p) Necessary preventative and breakdown maintenance and de-scaling of boiler wherever required
- q) Ash disposal

(4.0) Accessories / Spares/ Consumables

- a) Raw & Treated water storage tanks as required
- b) Water Feed pump with motor
- c) Softener plant if required to meet soft water requirement of boiler
- d) MS Chimney with flue gas ducting
- e) Steam line with insulation, valves, tapping, drain, steam trap etc. with pressure reducing valves, if required
- f) Safety cutouts – high temp. And low temp. Safety control, low water cutout /alarm etc. wherever applicable
- g) All consumables, spares, lubricants as required running the unit as per process requirement

**FORMAT / DRAFT of Steam Purchase Agreement on BOOT basis**

**Draft BOOT AGREEMENT**

between

M/s Bhopal Sahakari Dugdh Sangh Maryadit  
acting through its CEO

AND

Successful bidder

For Design, Build, Operate and Transfer of Boiler for Dairy Plant at Bhopal Sahakari Dugdh  
Sangh Maryadit, Bhopal

**STEAM PURCHASE AGREEMENT**

This Steam Purchase Agreement (this "Agreement") is effective upon execution by both M/s Bhopal Sahakari Dugdh Sangh Maryadit ("BSDSM") and ..... ("Bidder"). BSDSM and Bidder together shall be known as the "Parties" or, individually, as the "Party". Party want to Contract for a period of 10 years.

WHEREAS Bidder is in the business of operating and maintaining solid multi fuel fired boiler;  
and

WHEREAS BSDSM owns and operates dairies; and

WHEREAS BSDSM distributes and sells milk and milk products at retail for use by its customers;  
and

WHEREAS Bidder has agreed to supply steam to BSDSM by doing Operation and Maintenance of 10 Years solid fuel multi fuel fired Boiler on Built, Own, Operate and Transfer (BOOT) basis to be constructed at the dairy premises, which will be owned by Bidder but will be subsequently transferred to BSDSM after 10 years ; and

WHEREAS BSDSM desires to purchase all or substantially all of its steam requirements from Bidder and Bidder desires to supply BSDSM with all or substantially all of its steam requirements.

WHEREAS,

- A. BSDSM wants to reduce its cost of production of steam
- B. BSDSM wants to use green fuel for operation

- C. BSDSM wants to be competitive in the market by optimizing its product manufacturing cost.
- D. BSDSM wants to implement CPCB/SPCB norms
- E. BSDSM had, carried out initial project development work in connection with the Project (as hereinafter defined). The Request for Proposal of which this Agreement forms a part has been approved by the Committee prior to commencement of bid process.
- F. BSDSM had invited competitive proposals from eligible Bidders for implementing the Project and in response thereto received proposals from several Bidders including the Concessionaire for implementing the Project.
- G. BSDSM, after evaluating the foresaid Proposals, accepted the Proposal submitted by the Concessionaire and issued Letter of Acceptance No. dated to the Concessionaire for developing the Project.
- H. BSDSM hereto is required to enter into the Steam Purchase Agreement being these presents to record the terms, conditions and covenants of the contract.
- I. Design, Build, Operate and Transfer of biomass briquette fired boiler at dairy Plant BSDSM of BSDSM.
- J. Supply steam by operating and maintaining the biomass briquette fired boiler till the period of agreement.

NOW THEREFORE, in consideration of the mutual covenants and conditions set forth below, BSDSM and Bidder, each intending to be legally bound, hereby agree as follows:

#### 1. DEFINITIONS

- 1.1 “Agreement” shall mean this Agreement, and include any amendments hereto made in accordance with the provisions hereof.
- 1.2 “Applicable Law” shall mean all laws in force and effect, as of the date hereof and which may be promulgated or brought into force and effect hereinafter in India including judgments, decrees, injunctions, writs or orders of any court of record, as may be in force and effect during the subsistence of this Agreement and applicable to the Project / the Concessionaire.
- 1.3 “Applicable Permits” shall mean all clearances, permits, authorisations, consents and approvals required to be obtained or maintained by the Concessionaire under Applicable Law, in connection with the construction, operation and maintenance of the Project during the subsistence of this Agreement.
- 1.4 “Encumbrance” shall mean any encumbrance such as mortgage, charge, pledge, lien, hypothecation, security interest, assignment, privilege or priority of any kind having the effect of security or other such obligations and shall include without limitation any designation of loss payees or beneficiaries or any similar arrangement under any insurance policy pertaining to the Project, physical encumbrances, claims for any amounts due on account of taxes, cess, electricity, water and other utility charges and encroachments on the Project Facilities.
- 1.5 “Financing Documents” shall mean collectively the documents evidencing Lenders’ commitment to finance the Project.
- 1.6 "Proposed Site" shall mean land admeasuring acres bearing Survey number located at (more fully described in Schedule 1) identified and handed over to the Bidder, for the

purpose of designing, financing, constructing, operating and maintaining 10 Years solid fuel fired multi fuel boiler for producing steam during the Delivery Period.

- 1.7 **Cost of Steam:**  
The cost of steam delivered to the BSDSM by Bidder during a given Service Year
- 1.8 **Annual Reconciliations:**  
The process by which BSDSM and Bidder reconcile and offset amounts due to each other as provided in Section 2.6.
- 1.9 **Back-Up Boilers:**  
The auxiliary or standby boilers and related equipment described on Schedule ..... that are to be owned by BSDSM but interconnected to Bidder's plant.
- 1.10 **Primary Steam Meter and Back-Up Steam Meter:** Has the meaning set forth in Section 6.2.
- 1.11 **Commercial Operation Date (COD):**  
The date that Bidder certifies in writing to BSDSM that Bidder's plant is capable of producing steam in accordance with the material terms and conditions of this Agreement and that Bidder has accepted (subject to customary punch list items that do not affect reliability) all major systems in Bidder's plant from its Bidders, subBidders, and vendors.
- 1.12 **Good Utility Practice:**  
Those good practices, methods and acts that are commonly used to design, construct, equip, operate, measure, forecast, schedule, test and maintain the relevant facilities and related equipment lawfully and with safety, reliability, efficiency, economy and expedition or, in the absence of such practices, methods and acts, those practices, methods and acts that, at the time in question, in the exercise of reasonable judgment in light of the facts then known, would have been expected to accomplish the desired result consistent with Applicable Law, good business practices, safety, reliability, efficiency, economy and expedition. Good Utility Practice is not intended to require optimum practices, methods or acts, but rather includes a range of acceptable practices, methods or acts that are expected within the energy industry to accomplish the desired results, having due regard for, among other things, preservation of manufacturers' warranties and operating instructions and the requirements of governmental authorities.
- 1.13 **Condensate Recovery Water:**  
Condensate water generated by BSDSM after using the steam supplied by Bidder
- 1.14 **Manufacturing Year:**  
Each twelve month period beginning April 1st and ending March 31<sup>st</sup> during the Delivery Term. The first and last Manufacturing Year may be less than a twelve month period, and shall consist of the period from the Commercial Operation date until the succeeding March 31, in the case of the first Manufacturing Year, and from the last April 1 during the Delivery Term until the end of the Delivery Term, in the case of the last Manufacturing Year.
- 1.15 **Steam Delivery Point:**  
The location where the Bidder's / Dairy's steam flow meter is installed.
- 1.16 **Steam Price:**  
The price for steam sold under this Agreement, as set forth in Schedule 1.
- 1.17 **Peaceful Possession**  
The Bidder shall, subject to complying with the terms and conditions of this Agreement, remain in peaceful possession and enjoyment of the whole of the Site during the Active Operations Period, and In the event the Bidder is obstructed by any Person claiming any right, title or interest in or over the Sites or any part thereof or in the event of any enforcement action including any attachment, distraint, appointment of receiver or liquidator being initiated by any Person claiming to have any interest in/charge on the Sites or any part thereof, the BSDSM shall, if called upon by the Bidder, defend such

claims and proceedings and also keep the Bidder indemnified against any consequential loss or damages which the Bidder may suffer, on account of any such right, title, interest or charge.

#### 1.18 Financing Arrangement

(a) The Bidder shall at its cost, expenses and risk make such financing arrangements as would be necessary to implement the Project and to meet all of its obligations under this Agreement, in a timely manner.

(b) BSDSM shall endeavour to obtain the carbon credits for the Project by adopting the greenhouse gas mitigation measures. The benefits of such carbon credits, if and when available, shall be kept with BSDSM.

#### 1.19 Project Implementation: Mobilisation

The Bidder shall in consultation with BSDSM finalise an implementation schedule for the Project in accordance with the Build, Operate and Transfer of 5 TPH solid fuel fired Biomass Boiler

#### 1.20 Project Implementation: Construction Works

(a) The Bidder shall adhere to the Construction Requirements and achieve COD on or before the Scheduled Project Completion Date.

(b) The Bidder may undertake Construction Works by itself or through a Bidder possessing requisite technical, financial and managerial expertise / capability; but in either case, the Bidder shall remain solely responsible to meet the Construction Requirements.

(c) The Bidder shall, before commencement of Construction Works;

(i) have requisite organisation and designate and appoint suitable officers/ representatives as it may deem appropriate to supervise the Project, to deal with BSDSM and to be responsible for all necessary exchange of information required pursuant to this Agreement;

(ii) construct, provide and maintain a reasonably furnished site office at the Proposed Site.

(d) For the purposes of determining that Construction Works are being undertaken in accordance with the Construction Requirements and O&M Requirements, the Bidder shall with due diligence carry out all necessary and periodical Tests in accordance with the Construction Requirements and O&M Requirements. The Bidder shall maintain proper record of such Tests and the remedial measures taken to cure the defects or deficiencies, if any, indicated by the Test results.

(e) All Tests shall be conducted in accordance with Construction Requirements. If the Tests are successful and the Project Facilities can be safely and reliably opened for operation, the Bidder shall issue Readiness Certificate. Provided, notwithstanding that certain works or things forming part of Construction Works are not complete, if following Tests, the Bidder determines that the Project Facilities can be safely and reliably opened for operations, the Bidder may issue Provisional Readiness Certificate.

#### 1.21 Project Implementation:

Operation and Maintenance

(a) The Bidder shall operate and maintain the Project Facilities in accordance with the O&M Requirements.

(b) The Bidder shall remain solely responsible to meet the O&M Requirements. Design, Build, Operate and Transfer of 5 TPH solid fuel fired Biomass boiler

(c) The Bidder shall, during the Active Operations Period;

- (i) have requisite organisation and designate and appoint suitable officers / representatives as it may deem appropriate to supervise the Project, to deal with BSDSM and to be responsible for all necessary exchange of information required pursuant to this Agreement;
- (ii) construct, provide and maintain a reasonably furnished site office accommodation at the Proposed Site;
- (iii) The Bidder shall maintain proper record of all Tests and the remedial measures taken to cure the defects or deficiencies, if any, indicated by the Test results.
- (iv) conduct all Tests to ascertain compliance with Construction Requirements and O&M Requirements.

#### 1.22 Land Use:

The Concessionaire shall ensure optimum utilisation of the Site and shall not use the same for any purpose unconnected or which is not incidental to the Project or related activities.

#### 1.23 General Obligations

The Concessionaire shall at its own cost and expense:

- (a) investigate, study, design, construct/ renovate, operate and maintain the Project Facilities in accordance with the provisions hereof;
- (b) obtain all Applicable Permits as required by or under the Applicable Law and be in compliance thereof at all times during the Delivery Period;
- (c) comply with Applicable Law governing the operations of solid multi fuel 5 TPH boiler unit at all times during the Delivery Period;
- (d) procure and maintain in full force and effect, as necessary, appropriate proprietary rights, licenses, agreements and permissions for materials, methods, processes and systems used in or incorporated into the Project;
- (e) make efforts to maintain harmony and good industrial relations among the personnel employed in connection with the performance of its obligations under this Agreement and shall be solely responsible for compliance with all labour laws and solely liable for all possible claims and employment related liabilities of its staff employed in relation with the Project and hereby indemnifies BSDSM against any claims, damages, expenses or losses in this regard and that in no case and shall for no purpose shall BSDSM be treated as employer in this regard;
- (f) make its own arrangements for construction materials and observe and fulfil the environmental and other requirements under the Applicable Law and Applicable Permits;
- (g) Be responsible for all the health, security, environment and safety aspects of the Project at all times during the Delivery Period.
- (h) ensure that the Project Facilities remain free from all encroachments and take all steps necessary to remove encroachments, if any;
- (i) Pay all Taxes, duties and outgoings, including utility charges relating to the Project Facilities.

## 1.24 HANDBACK OF PROJECT FACILITIES

The Project is Build own Operate and Transfer (BOOT) of solid fuel multi fuel biomass fired 5 MTPH steam boiler

### 1.24.1 Ownership

Without prejudice and subject to the Agreement, the ownership of the land of Project, shall at all times remain that of BSDSM.

### 1.24.2 Bidder's Obligations

### 1.24.3 Transfer of the movable and immovable assets by the bidder; after Completion of the Contract i.e. 10 Years to the BSDSM

- (a) The Bidder shall at the end of the Contract period hand back vacant and peaceful possession of the Project Facilities to BSDSM and in good operable condition.
- (b) BSDSM may decide to extend the contract for a period with mutual contract; a letter to this effect shall be given by BSDSM. On acceptance of the extension a new contract agreement shall be signed and the work shall continue un-interruptedly with use of same equipment and infrastructure etc.
- (C) All Workshops, Communication arrangements etc. and immovable infrastructure/ facilities: On completion of the contract period, the bidder will transfer All Workshop, Communication arrangements etc. and immovable infrastructure/ facilities to BSDSM, in working conditions, free of cost.

### 1.25 Purchase and Sale of Steam.

BSDSM hereby agrees to purchase from successful Bidder, and Bidder hereby agrees to sell to BSDSM, all of BSDSM steam requirements.

### 1.26 Delivery of Steam.

Steam purchased under this Agreement shall be delivered by Bidder to the Steam Delivery Point, at which point title to and risk of loss shall transfer from Bidder to BSDSM. All steam delivered by Bidder shall meet the specifications set forth on Schedule 1 to this Agreement. The Bidder shall adjust the pressure of the steam delivered to BSDSM as and when requested by BSDSM within the range specified in Schedule 1. Bidder shall measure the actual amount of steam supplied to BSDSM using a meter at the Steam Delivery Point in accordance with Article 6.

### 1.28 Operation/Maintenance of Plant.

Bidder shall operate and maintain the Bidder's plant, or shall cause it to be operated and maintained, in a manner that complies in all material respects with Good Utility Practices, the requirements of CPCB / SPCB and all applicable laws and regulations, permits and insurance requirements. Bidder agrees to operate and maintain the plant, and all other equipment and systems interconnecting with the BSDSM Facility in all material respects in accordance with any applicable manufacturer's specifications. Bidder shall keep records with respect to inspections, maintenance, and repairs thereto consistent with Good Utility Practice. Upon request by BSDSM, Bidder shall make available to BSDSM during Bidder's regular business hours all plans and records of such inspections, maintenance, and repairs.

### 1.29 Planned Outages.

Bidder may temporarily cease steam production to conduct reasonable, planned maintenance. On or before the Commercial Operation Date, and before the

commencement of each additional Service Year, Bidder shall provide to BSDSM a schedule of all outages planned for the following Service Year. If Bidder halts steam production for purposes of conducting planned maintenance, Bidder shall provide to BSDSM written notice of such planned maintenance thirty (30) days prior to commencing the outage. Such notice shall include a reasonable estimate of the anticipated duration of the outage. Once the outage has begun, Bidder shall keep BSDSM informed of the status of the maintenance being undertaken and any changes in the anticipated date on which the Bidder's plant will return to commercial operation. Bidder shall generate Replacement Steam using the Backup Boilers. The Steam Price for all steam during any such period shall be the same as in the service year.

1.30. Unplanned Outages.

If Bidder experiences an unplanned outage, it shall notify BSDSM of the outage as soon as reasonably possible, but in no event later than two hours of becoming aware of such outage, as well as the reason for the outage. The Bidder shall keep BSDSM informed on an ongoing basis of the expected duration of any unplanned outage and any change in the anticipated duration of such outage. In the event of an unplanned outage or reduction in steam output of the Bidder's plant affecting the quantity of steam available for delivery to BSDSM or an extended planned outage, Bidder shall take action to restore the plant to normal operation as soon as possible in accordance with Good Utility Practice. No expenses incurred by Bidder for such purposes shall be included as part of any adjustment to the charges to BSDSM under this Agreement, it being the Parties' intention that all such remedial costs shall be borne solely by the Bidder. Bidder shall generate Replacement Steam using the Backup Boilers. The Steam Price for all steam during any such period shall be the same as in the service year.

1.30.1 Bidder's Failure to Supply Steam.

Without in any way limiting Bidder's obligation pursuant to Section 2.1, during any period when Bidder's plant is unable to deliver sufficient steam to meet BSDSM requirements, BSDSM may require that Bidder generate replacement Steam using the Backup Boilers. In addition, the BSDSM may in its sole and absolute discretion direct the Bidder to generate steam using the Back-Up Boilers. Bidder shall generate replacement Steam using the Backup Boilers.

1.32 Reconciliation. - Annual Reconciliation.

Within sixty (60) days of the end of each Service Year, BSDSM and Bidder shall reconcile and offset amounts due to each other. At the end of the Delivery Term, the Annual Reconciliation will be completed no later than sixty (60) days after the expiration of the Delivery Term.

1.33 Back-Up Boilers.

The Back-Up Boilers shall be owned by Bidder or in case of bidder wants to use BSDSM backup boiler then, it shall be maintained by Bidder using Good Utility Practice. The Back-Up Boilers may be used by the Bidder as necessary to meet BSDSM's steam requirements under this Agreement. The Bidder shall promptly maintain the Back-Up Boilers to be used at any given time. Bidder shall bear the cost of operating the Back-Up Boilers, including but not limited to the cost of fuel and any labour expense. Bidder has to pay rent for using BSDS's boiler as a backup boiler.

1.34 Electricity

Electrical Power will be provided on chargeable basis for the operation & maintenance of the boiler. BSDSM shall provide the terminal point of electricity till the boiler area. Bidder will lay suitable cable with proper termination and distribution to various motors from the main termination area provided by the dairy to the Boiler house.

## 2. BILLING

### 2.1 Billing.

Bidder shall deliver an invoice to BSDSM weekly setting forth the steam delivered to BSDSM during the previous fortnight, with the total amount due to the Bidder. BSDSM will remit full payment for each invoice to Bidder within fortnight (15) calendar days following the date of the applicable invoice.

### 2.2 Deduction of Electricity in the bill

Electrical Power will be provided on chargeable basis (Power Requirement approx-150 to 250 KW) for the operation & maintenance of the boiler. The amount for unit consumed by the boiler in the previous month shall be deducted from the 2<sup>nd</sup> fortnight bill of the current month. A meter shall be installed separately for the boiler for daily electrical consumption and other utilities if required like water supplier charges

### 2.3 Taxes and Duties

Taxes and duties will be extra if applicable.

### 2.4 STARTUP AND TESTING

Bidder shall coordinate with BSDSM schedule for testing of Bidder's plant, and Bidder shall not cause any disruption of BSDSM's operations. Bidder shall be responsible for all fuel costs associated with any use of Bidder's plant before the Commercial Operation Date. BSDSM shall not be responsible to pay for any steam produced by Bidder's plant before the Commercial Operation Date. The Testing shall include all steps necessary to allow BSDSM to determine that the steam delivered by Bidder meets the specifications set forth on Schedule 1 and is otherwise reasonably satisfactory to BSDSM. Upon request, Bidder shall provide BSDSM with a copy of the results of any testing.

### 2.5 Environmental Compliance

The Concessionaire shall, at all times, ensure that all aspects of the Project Facilities and processes employed in the construction, operation and maintenance thereof shall conform with the laws pertaining to environment, health and safety aspects, policies and guidelines related thereto. The Bidder shall obtain and maintain from time to time all necessary clearances from the CPCB/MPPCB or any other similarly empowered Government Agency and for this purpose shall carry out the necessary environmental impact assessment studies and implement appropriate environment management plans in respect of the Project Facilities.

### 3. METERING

There shall be two (2) meters located at the Steam Delivery Point. The meters shall be of a type that is commonly utilized by utilities and/or other providers of thermal energy for such purpose and shall be good quality, mass flow meters that are pressure and temperature compensated.

3.1 The Primary Steam Meter shall be a meter installed and maintained by BSDSM at their own expense and shall be owned by and be the property of the BSDSM. Bidder shall also install a Back-Up Steam Meter with its expense. The meters shall be installed in such a manner that they transmit hourly data regarding steam flows.

#### 3.2 Procedure.

The meters installed pursuant to the terms of this Agreement shall be read by Bidder on the last business day of each month. Such readings shall be for the purpose of determining the net steam output delivered to BSDSM since the immediately preceding readings. BSDSM may have a representative witness the readings and Bidder shall make a good faith effort to coordinate with BSDSM to arrange a mutually convenient time for the readings to occur. Bidder shall keep a record of all information obtained at the time of the readings.

3.3 The Primary Steam Meter reading shall be used for billing purposes. In case of any fault in the primary steam flow meter, the reading of secondary flow meter shall be the basis of billing.

#### 3.4 Maintenance of meter

The meters shall be maintained immediately for any defect. A written notice delivered at least 48 hours in advance shall be deemed to be a reasonable opportunity for purposes of this provision.

#### 3.5 Repair, Replacement of Metering System.

Any repair, replacement, or recalibration of the Primary Steam Meter shall be performed by BSDSM. Bidder shall install a secondary steam flow meter. The secondary flow meter maintained by the Bidder shall include the primary device, pressure and temperature transmitters and a flow totalize /computer. In case of any fault in the primary steam flow meter, the reading of secondary flow meter shall be the basis of billing.

### 4. INDEMNIFICATION

#### 4.1 Indemnification by Bidder.

In addition to any indemnification provisions located elsewhere in this Agreement, Bidder shall indemnify, protect, defend, and hold harmless BSDSM, its parent, subsidiaries, and affiliated entities, and its and their respective members, directors, officers, employees, from and against any and all claims, liabilities, losses, damages, injuries, demands, actions, causes of action, suits, proceedings, judgments, and expenses, including reasonable attorneys' fees, court costs, and other expenses including, without limitation, those costs incurred at the trial and appellate levels and in any bankruptcy, reorganization, insolvency, or other similar proceedings, and other expenses (collectively, "Indemnifiable Claims") arising from or connected with: (a) any breach by Bidder of any provision hereof or the inaccuracy of any warranty or representation made by Bidder herein,(b) any act or

omission to act by Bidder directly or indirectly related to its performance of this Agreement constituting negligence or reckless or wilful misconduct, and (c) any act or omission relating to steam produced by Bidder prior to the passage of title to the BSDSM.

#### 4.2 Indemnification by BSDSM.

BSDSM shall indemnify, protect, defend, and hold harmless Bidder, its parent, subsidiaries, and affiliated corporations, and its and their respective members, directors, officers, employees, and agents (the “Bidder Indemnities”), from and against any and all Indemnifiable Claims arising from or connected with: (a) any breach by BSDSM of any provision hereof or the inaccuracy of any warranty or representation made by BSDSM herein (b) any act or omission to act by BSDSM directly or indirectly related to its performance of this Agreement constituting negligence or reckless or wilful misconduct, and (c) any act or omission relating to steam delivered by Bidder after the passage of title to the BSDSM, except such claims as may arise from any breach by Bidder of the specifications set forth on Schedule 1.

#### 4.3 Indemnifiable Claims.

Each Party shall give the other party prompt notice of any Indemnifiable Claim brought against it coming within the purview of these indemnities. Within five (5) business days after receipt of such notice, the inseminator shall undertake the defence of each such Indemnifiable Claim with counsel satisfactory to and approved by the indemnities, which approval shall not be unreasonably withheld. If the inseminator fails to undertake and sustain the defence of any Indemnifiable Claim in the manner required by this Section 15.3, the indemnities may engage separate counsel, pay, settle, or otherwise finally resolve such Indemnifiable Claim for the account and at the risk and expense of the inseminator. Any payment, settlement, or final resolution otherwise by the indemnities shall release the inseminator from liability for such Indemnifiable Claim. If the inseminator undertakes the defence of an Indemnifiable Claim in the manner required by this Section 15.3, the indemnities may, at its own expense, engage separate counsel and participate in the defence of such claim. In such event, the indemnities agree to reasonably cooperate and assist in the defence of such claim.

### 5. Force Majeure

#### 5.1 Force Majeure Event

Any of the following events which is beyond the control of the Party claiming to be affected thereby (“Affected Party”) and which the Affected Party has been unable to overcome or prevent despite exercise of due care and diligence, and results in Material Adverse Effect shall constitute Force Majeure Event:

- (a) earthquake, flood, inundation and landslide
- (b) storm, tempest, hurricane, cyclone, lightning, thunder or other extreme atmospheric disturbances
- (c) fire caused by reasons not attributable to the Concessionaire or any of the employees, Bidders or agents appointed by the Concessionaire for purposes of the Project;
- (d) acts of terrorism;

- (e) strikes, labour disruptions or any other industrial disturbances not arising on account of the acts or omissions of the Concessionaire or the Bidder
- (f) action of a Government Agency having Material Adverse Effect including but not limited to
  - (i) acts of expropriation, compulsory acquisition or takeover by any Government Agency of the Project/Project Facilities or any part thereof or of the Concessionaire's or the Bidder's rights in relation to the Project,
  - (ii) any judgement or order of a court of competent jurisdiction or statutory authority in India made against the Concessionaire or the Bidder in any proceedings which is non-collusive and duly prosecuted by the Concessionaire, and
  - (iii) any unlawful, unauthorised or without jurisdiction refusal to issue or to renew or the revocation of any Applicable Permits, in each case, for reasons other than Concessionaire's or the Bidder's breach or failure in complying with the Project Requirements, Applicable Laws, Applicable Permits, any judgment or order of a Governmental Agency or of any contract by which the Concessionaire or the Bidder as the case may be is bound.
- (g) Early determination of this Agreement by dairy for reasons of national emergency or national security.
- (h) Any failure or delay of a Bidder caused by any of the sub-clauses (f) and (g) hereinabove, for which no offsetting compensation is payable to the Concessionaire by or on behalf of the Bidder.
  - (i) War, hostilities (whether declared or not), invasion, act of foreign enemy, rebellion, riots, weapon conflict or military actions, civil war, ionising radiation, contamination by radioactivity from nuclear fuel, any nuclear waste, radioactive toxic explosion, volcanic eruptions, any failure or delay of a Bidder caused by the events mentioned in this sub clause for which no offsetting compensation is payable to the Concessionaire by or on behalf of the Bidder

## 5.2 Notice of Force Majeure Event

- (a) As soon as practicable and in any case within 7 days of the date of occurrence of a Force Majeure Event or the date of knowledge thereof, the Affected Party shall notify Independent Consultant and the other Party of the same setting out, inter alia, the following in reasonable detail:
  - (i) the nature and extent of the Force Majeure Event;
  - (ii) the estimated Force Majeure Period;
  - (iii) the nature of and the extent to which, performance of any of its obligations under this Agreement is affected by the Force Majeure Event;
  - (iv) the measures which the Affected Party has taken or proposes to take to alleviate/mitigate the impact of the Force Majeure Event and to resume performance of such of its obligations affected thereby; and

- (v) Any other relevant information concerning the Force Majeure Event, and /or the rights and obligations of the Parties under this Agreement.
- (b) As soon as practicable and in any case within 5 days of notification by the Affected Party in accordance with the preceding clause (a), the Parties shall along with the Independent Consultant, meet, hold discussions in good faith and where necessary conduct physical inspection/survey of the Project Facilities in order to:
  - (i) assess the impact of the underlying Force Majeure Event,
  - (ii) to determine the likely duration of Force Majeure Period and,
  - (iii) to formulate damage mitigation measures and steps to be undertaken by the Parties for resumption of obligations, the performance of which shall have been affected by the underlying Force Majeure Event.
- (c) The Affected Party shall during the Force Majeure Period provide to the other Party and the Independent Consultant regular (not less than weekly) reports concerning the matters set out in the preceding clause (b) as also any information, details or document, which the other Party may reasonably require.

### 5.3 Performance of Obligations

If the Affected Party is rendered wholly or partially unable to perform any of its obligations under this Agreement because of a Force Majeure Event, it shall be excused from performance of such obligations to the extent it is unable to perform the same on account of such Force Majeure Event provided that:

- (a) due notice of the Force Majeure Event has been given as required by the preceding Clause
- (b) the excuse from performance shall be of no greater scope and of no longer duration than is necessitated by the Force Majeure Event;
- (c) the Affected Party has taken all reasonable efforts to avoid, prevent, mitigate and limit damage, if any, caused or is likely to be caused to the Project Facilities as a result of the Force Majeure Event and to restore the Project Facilities, in accordance with the Good Industry Practice and its relative obligations under this Agreement;
- (d) when the Affected Party is able to resume performance of its obligations under this Agreement, it shall give to the other Party and the Independent Consultant written notice to that effect and shall promptly resume performance of its obligations hereunder, the non issue of such notice being no excuse for any delay for resuming such performance;
- (e) the Affected Party shall continue to perform such of its obligations which are not affected by the Force Majeure Event and which are capable of being performed in accordance with this Agreement; and
- (f) Any insurance proceeds received shall be, subject to the provisions of Financing Documents, entirely applied to repair, replace or restore the assets damaged on account of the Force Majeure Event, or in accordance with Good Industry Practice.

## 5.4 Termination due to Force Majeure Event

### (a) Termination

If a Force Majeure Event, excluding events described under preceding clauses continues or is in the reasonable judgment of the Parties likely to continue beyond a period of 120 days, the Parties may mutually decide to terminate this Agreement or continue this Agreement on mutually agreed revised terms. If the Parties are unable to reach an agreement in this regard, the Affected Party shall after the expiry of the stated period of 120 days, be entitled to terminate this Agreement.

Notwithstanding anything inconsistent contained in this Agreement, if a Force Majeure Event is an event described under preceding clauses and the same subsists for a period exceeding 365 days, and then either Party shall be entitled to terminate this Agreement.

Provided that dairy may at its sole discretion have the option to terminate this Agreement any time after the occurrence of any event described under preceding clauses.

Bidder and Dairy shall make reasonable efforts to avoid Force Majeure and to resolve the event or occurrence once it has occurred in order to resume performance. Neither Party shall be entitled to the benefit of the provision of Force Majeure to the extent the performance is affected by any and all of the following circumstances: (i) the sole or contributory negligence of the party claiming excuse; (ii) the Party claiming excuse failed to remedy the condition and to resume the performance of its covenants and obligations with reasonable dispatch; or (iii) economic hardship.

### (b) Termination Notice

If either Party, having become entitled to do so, decides to terminate this Agreement pursuant to the preceding clause (a), it shall issue Termination Notice setting out;

- (i) in sufficient detail the underlying Force Majeure Event;
- (ii) the Termination Date which shall be a date occurring not earlier than 60 days from the date of Termination Notice;
- (iii) the estimated Termination Payment including the details of computation thereof and;
- (iv) Any other relevant information.

### (c) Obligation of Parties

Following issue of Termination Notice by either Party, the Parties shall promptly take all such steps as may be necessary or required to ensure that;

- (i) the Termination Payment, if any, payable by BSDSM in accordance with the following clause (d) is paid to the Concessionaire on the Termination Date and
- (ii) The Project Facilities are handed back to BSDSM by the Bidder on the Termination Date free from all Encumbrances.

### (d) Termination Payment

Upon Termination of this Agreement due to a Force Majeure Event, Termination Payment shall be made to the Concessionaire by BSDSM in accordance with the following:

- (i) If Termination is due to a Force Majeure Event, the Concessionaire shall be entitled to receive and appropriate
  - (a) The 100% equipment value less the proceeds of any amounts under insurance policies and
  - (b) If Termination is due to the occurrence of any event described under preceding clauses BSDSM shall pay to the Concessionaire Termination Payment equal to 100 % of the Book Value as on the Date of Termination Notice. The Concessionaire would also be allowed to appropriate the amounts in the Post Closure Performance Account.
- (ii) If Termination is due to the occurrence of any event described under preceding clause BSDSM shall subject to the certification of Independent Consultant, pay to the Concessionaire, Termination payment equal to 100% of the Book Value as on the date of Termination Notice.
- (iii) Liability for other losses, damages etc.

Neither Party hereto shall be liable in any manner whatsoever to the other Party in respect of any loss, damage, cost, expense, claims, demands and proceedings relating to or arising out of occurrence or existence of any Force Majeure Event.

## 6. EVENTS OF DEFAULT AND TERMINATION

### 6.1 Events of Default

Event of Default shall mean either Bidder Event of Default or BSDSM. Event of Default or both as the context may admit or require.

#### (a) Bidder Event of Default

a) BSDSM at any time may terminate the contract by giving written notice to the bidder.

If the Bidder/ Bidder becomes bankrupt or otherwise insolvent, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to BSDSM.

If the Bidder/ Bidder creates events of default of any of the terms and conditions governing the contract or any clause of the contract including those of operation clauses of house to house collection, deployment of right type of vehicles and compactors, transportation of waste, designated processing & disposal of waste etc.

If it is proved that the Bidder is intentionally and deliberately violating the provisions of the contract.

b) BSDSM requires that the Bidders under this tender observe the highest standards of ethics during the procurement and execution of such Contracts. In pursuance of this policy, BSDSM defines for the purposes of this provision, the terms set forth as follows:

“Corrupt practice” means the offering, giving, receiving or soliciting of anything of value to influence the action of the public official in the procurement process or in contract execution; and

“Fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or execution of the contract to the detriment of BSDSM, and includes

collusive practice among Bidders (prior to or after Tender submission) designed to establish Contract Prices at artificial non-competitive levels and to deprive BSDSM of the benefits of the free and open competition.

c) If the bidder indulges in Corrupt or Fraudulent Practices, it gets disqualified for tendering or BSDSM may at any point of time terminate the contract by giving written notice to the Bidder, even after the work is started, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the BSDSM

d) In case of failure to clarify or improve the work to the utmost satisfaction of BSDSM, letter of termination will be sent to the bidder.

e) If the order /contract is cancelled / terminated after commencing the work, on account of the reasons and / or failure of the Bidder to perform up to the standard as evaluated, Bidder shall;

- Hand over the entire infrastructure, sheds, cabins built, services provided by the service provider, in the premises given by BSDSM to an authorized representative of BSDSM; without any compensation.

- Hand over vehicles, equipment, procured for use immediately again to an authorized representative of BSDSM; without any compensation.

BSDSM may/shall assign the entire work and its set up to the next willing bidder or any other company or individual for operations of the services along with infrastructure, places and all vehicles and equipment acquired from the Bidder, at the risk and cost of the bidder.

Any of the following events shall constitute an Event of Default by the Bidder ("Bidder Event of Default") unless such event has occurred as a result of one or more reasons set out in this agreement:

- (i) The Bidder has failed to adhere to the Construction Requirements and such failure, in the reasonable estimation of the Independent Consultant, is likely to delay achievement of COD beyond 60 days of the Scheduled Project Completion Date;
- (ii) The Bidder has failed to achieve COD within 60 days of the Scheduled Project Completion Date for any reason whatsoever;
- (iii) At any time during the Concession Period, the Bidder fails to adhere to the Construction Requirements or O&M Requirements and has failed to remedy the same within 60 days;
- (iv) The Bidder is in Material Breach of any of its obligations under this Agreement and the same has not been remedied for more than 30 days;
- (v) Any representation made or warranty given by the Bidder under this Agreement is found to be false or misleading;
- (vi) A resolution for voluntary winding up has been passed by the shareholders of the Bidder;
- (vii) Any petition for winding up of the Bidder has been admitted and liquidator or provisional liquidator has been appointed or the Bidder has been ordered to be wound up by Court of competent jurisdiction, except for the purpose of amalgamation or reconstruction with the prior consent of BSDSM, provided that, as part of such amalgamation or reconstruction and

the amalgamated or reconstructed entity has unconditionally assumed all surviving obligations of the Bidder under this Agreement.

- (viii) A default has occurred under any of the Financing Documents and any of the Lenders has recalled its financial assistance and demanded payment of the amounts outstanding under the Financing Documents or any of them as applicable;
- (ix) The Bidder has abandoned the Project Facilities;
- (x) The Bidder has unlawfully repudiated this Agreement or has otherwise expressed an intention not to be bound by this Agreement;
- (xi) The Bidder has suffered an attachment levied on any of its assets which has caused or is likely to cause a Material Adverse Affect on the Project and such attachment has continued for a period exceeding 90 days.
- (xii) The Bidder fails to supply the required steam demand in spite of working of makeup boilers, suitable penalty may be imposed to overcome the incurred losses accrued to BSDSM.

(b) BSDSM - Event of Default

- a) The Bidder may at any times request for termination of the contract if desired on default on the part of BSDSM; such as non payment of bills or resistance from citizens and it does not get resolved by BSDSM, by giving written communication to BSDSM, the Bidder may hand over the vehicles, equipment, bins, and fixed assets created by them to BSDSM.
- b) In case of termination /cancellation of the contract after commencing the work when BSDSM asks to do so on account of BSDSM's inability to continue, all the infrastructure, vehicles , equipment, containers brought by the Bidder may be taken over by the BSDSM; if requested by the Bidder; at the mutually agreed rates.

Any of the following events shall constitute an event of default by BSDSM BSDSM -Event of Default”), when not caused by a Bidder Event of Default or Force Majeure Event:

- (i) BSDSM has failed to make any payments due to the Bidder and more than 180 days have elapsed since such default;
- (ii) BSDSM is in Material Breach of any of its obligations under this Agreement and has failed to cure such breach within 90 (ninety) days of receipt of notice thereof issued by the Bidder;
- (iii) BSDSM has unlawfully repudiated this Agreement or otherwise expressed its intention not to be bound by this Agreement;
- (iv) BSDSM has unreasonably withheld or delayed grant of any approval or permission which the Bidder is obliged to seek under this Agreement, and thereby caused or likely to cause Material Adverse Effect;
- (v) Any representation made or warranties given by the BSDSM under this Agreement has been found to be false or misleading.

18.1 Termination due to Event of Default

- (a) Termination for Bidder Event of Default

- (i) Without prejudice to any other right or remedy which BSDSM may have in respect thereof under this Agreement, upon the occurrence of a Bidder Event of Default, BSDSM shall, subject to the provisions of the Substitution Agreement, be entitled to terminate this Agreement in the manner as set out under this agreement.

Provided however that upon the occurrence of a Bidder Event of Default as specified under this agreement, BSDSM may terminate this Agreement by issue of Termination Notice in the manner set out under this agreement.

- (ii) If BSDSM decides to terminate this Agreement pursuant to relevant clauses, it shall in the first instance issue Preliminary Notice to the Bidder. Within thirty (30) days of receipt of the Preliminary Notice, the Bidder shall submit to BSDSM in sufficient detail, the manner in which it proposes to cure the underlying Event of Default (the “Bidder's Proposal to Rectify”). In case of non-submission of the Bidder's Proposal to Rectify within the said period of 30 days, BSDSM shall be entitled to terminate this Agreement by issuing Termination Notice,
- (iii) If the Bidder's Proposal to Rectify is submitted within the period stipulated therefore, the Bidder shall have further period of 30 days to remedy/ cure the underlying Event of Default. If, however the Bidder fails to remedy/cure the underlying Event of Default within such further period allowed, BSDSM shall be entitled to terminate this Agreement, by issue of Termination Notice

(b) Termination for Event of Default

- (i) Without prejudice to any other right or remedy which the Bidder may have in respect thereof under this Agreement, upon the occurrence of BSDSM. Event of Default, the Bidder shall be entitled to terminate this Agreement by issuing Termination Notice.
- (ii) If the Bidder decides to terminate this Agreement pursuant to preceding clause (i) it shall in the first instance issue Preliminary Notice to BSDSM. Within 30 days of receipt of Preliminary Notice, BSDSM shall forward to the Bidder its proposal to remedy/ cure the underlying Event of Default. In case of non-submission of BSDSM. Proposal to rectify within the period stipulated therefore, Bidder shall be entitled to terminate this Agreement by issuing Termination Notice.
- (iii) If BSDSM, proposal to Rectify is forwarded to the Bidder within the period stipulated therefore, BSDSM shall have further period of 30 days to remedy/ cure the underlying Event of Default. If, however BSDSM fails to remedy/ cure the underlying Event of Default within such further period allowed, the Bidder shall be entitled to terminate this Agreement by issuing Termination Notice.

(c) Termination Notice

If a Party is having become entitled to do so decide to terminate this Agreement pursuant to the preceding sub article (a) or (b), it shall issue Termination Notice setting out:

- (i) in sufficient detail the underlying Event of Default;
- (ii) the Termination Date which shall be a date occurring not earlier than 60 days from the date of Termination Notice;

- (iii) the estimated termination payment including the details of computation thereof; and,
  - (iv) Any other relevant information.
- (d) **Obligation of Parties**

Following issue of Termination Notice by either Party, the Parties shall promptly take all such steps as may be necessary or required to ensure that;

- (i) Until Termination the Parties shall, to the fullest extent possible, discharge their respective obligations so as to maintain the continued operation of the Project Facilities;
  - (ii) The termination payment, if any, payable by BSDSM in accordance is paid to the Bidder on the Termination Date; and
  - (iv) The Project Facilities are handed back to BSDSM by the Bidder on the Termination Date free from any Encumbrance along with any payment that may be due by the Bidder to BSDSM.
- (e) **Withdrawal of Termination Notice**

Notwithstanding anything inconsistent contained in this Agreement, if the Party who has been served with the Termination Notice cures the underlying Event of Default to the satisfaction of the other Party at any time before the Termination occurs, the Termination Notice shall be withdrawn by the Party which had issued the same.

Provided that the Party in breach shall compensate the other Party for any direct cost/consequences occasioned by the Event of Default which caused the issue of Termination Notice.

- (f) **Termination Payments**

Upon Termination of this Agreement on account of BSDSM .Event of Default, the Bidder shall be entitled to receive from BSDSM, termination payment equal to 100% of the Book Value as on Termination Date and amounts in the Post Closure Performance Account.

Upon Termination of this Agreement on account of Bidder Event of Default, Bidder shall be entitled to receive from BSDSM termination payment equal to 80% of the Book Value as on the Termination Date.

## 6.2 Rights of BSDSM on Termination

- (a) Upon Termination of this Agreement for any reason whatsoever, BSDSM shall upon making the Termination Payment, if any, to the Bidder have the power and authority to:
  - (i) enter upon and take possession and control of the Project Facilities i.e. vehicles, workshop etc. forthwith;
  - (ii) prohibit the Bidder and any person claiming through or under the Bidder from entering upon/ dealing with the Project Facilities;
- (b) Notwithstanding anything contained in this Agreement, BSDSM shall not, as a consequence of Termination or otherwise, have any obligation whatsoever including but not limited to obligations as to compensation for loss of employment, continuance or

regularisation of employment, absorption or re-employment on any ground, in relation to any person in the employment of or engaged by the Bidder in connection with the Project, and the hand back of the Project Facilities by the Bidder to BSDSM shall be free from any such obligation.

### 6.3 Accrued Rights of Parties

Notwithstanding anything to the contrary contained in this Agreement, Termination pursuant to any of the provisions of this Agreement shall be without prejudice to accrued rights of either Party including its right to claim and recover money damages and other rights and remedies which it may have in law or contract. The rights and obligations of either Party under this Agreement, including without limitation those relating to the Termination Payment, shall survive the Termination but only to the extent such survival is necessary for giving effect to such rights and obligations.

## 7. RESOLUTION OF DISPUTES

If a dispute arises under this Agreement, the Parties shall first promptly attempt in good faith to resolve the dispute by negotiation. If such negotiations are unsuccessful, any disputes or claims between the Parties arising out of or relating to this Agreement, or the breach hereof, not settled by negotiation, shall be settled by arbitration in the State of Madhya Pradesh.

## 8. CONFIDENTIALITY

The BSDSM understands and agrees that, in order to comply with its obligations under this Agreement, from time to time the Bidder may disclose to the BSDSM certain information that constitutes confidential commercial information of the Bidder, and as such is maintained in strict confidence by the Bidder. The public disclosure of such information is likely to cause substantial harm to the Bidder by disclosing to others sensitive competitive information concerning the Bidder's costs or other matters. The BSDSM therefore agrees not to disclose any such confidential commercial information, if it is designated by the Bidder as such, to any other person or entity, except (1) its attorneys and consultants on a need to know basis only, (2) to any regulatory agency to which such disclosure is required, but then only after giving prior notice to the Bidder and taking all reasonable steps to obtain confidential treatment of such information, and (3) in response to a subpoena or other mandatory legal process, but then only after giving prior notice to the Bidder and taking all reasonable steps to obtain confidential treatment of such information.

8.1 **Entire Agreement.** This Agreement is the final, complete and entire Agreement between the Parties regarding the subject matter hereof, and all prior discussions, negotiations, communications, proposals or agreements, whether oral or written, are hereby superseded. This Agreement may not be modified, altered, or amended in any way except in writing signed by duly authorized representatives of both BSDSM and Bidder.

8.2 **Interpretation.** The Parties agree that each Party and its counsel have reviewed this Agreement and the normal rule of construction that any ambiguities are to be resolved against the drafting Party shall not be employed in the interpretation of this Agreement.

- 8.3 **Governing Law.** This Agreement shall be construed in accordance with and shall be enforceable under the laws of India without regard to conflict of laws principles.
- 21.6 **Counterparts.** This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument.
- 8.4 **Survival.** Any sums due from either Party that by the terms hereof would be payable, or are incapable of calculation until, after the expiration or earlier termination of this Agreement shall survive and remain a continuing obligation until paid. Any obligations of either Party that by the terms hereof are to be performed after the expiration or earlier termination of this Agreement shall survive and remain a continuing obligation until performed. If any term or provision of this Agreement or the application thereof to any person or circumstance is, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and be enforced to the fullest extent permitted by law.
